ON-AIR BROADCAST VIDEO CORRELATED INFORMATION FORMAT

Column Number	Content
1	On-air broadcast video identification
2	Start frame number of an on-air broadcast video section
3	Correlating video identification
4	Correlating video type (Edited video/Raw material video)
5	Start frame number of a correlating video section
6	The number of frames of the video section

Fig. 2B

EDITED VIDEO CORRELATED INFORMATION FORMAT

Column Number	Content
1	Edited video identification
2	Start frame number of an edited video section
3	Correlating video identification
4	Correlating video type (On-air broadcast video/Raw material video)
5	Start frame number of a correlating video section
6	The number of frames of the video section

Fig. 2C

RAW MATERIAL VIDEO CORRELATED INFORMATION FORMAT

Column Number	Content
1	Raw material video identification
2	Start frame number of a raw material video section
3	Correlating video identification
4	Correlating video type (Edited video/On-air broadcast video)
5	Start frame number of a correlating video section
6	The number of frames of a video section
